

Imported Plywood Brick and Block Production Pallets

IMPORTED PLYWOOD PALLET...

Our Imported Brick and Block Production Pallets are produced to the highest standards

- Boards are produced with no joints, in your required size & thickness
- Best quality phenolic waterproof glues are used
- Only selected New Zealand Radiate pine plywood is used
- Cross ply construction will keep pallets flat, no warping
- Boards are chamfered and our corners are angle cut
- Boards are delivered, treated with Revaro wax oil
- Our trademark corner cuts ensure easy passage through machines
- Sharp corners are chamfered

Please note that no warranties or guarantees are offered on plywood pallets

Pallet Sizes Based on company
